BEST AVAILABLE COPY**ASSIGNMENT OF INVENTOR AND PATENT RIGHTS**

ASSIGNOR: Gregory G. Johnson, an individual residing at 7310 132nd Street North, Hugo, Minnesota 55036 ("Johnson")

ASSIGNEE: Bear Archery, Inc., a Florida corporation located at 817 Maxwell Avenue, P.O. Box 889, Evansville, Indiana 47706 ("Bear Archery")

PATENT RIGHTS: The patents and applications listed on Schedule A and all related foreign and domestic patents, patent applications, divisionals, reissues, re-examinations, continuations, continuations-in-part, certificates of invention, and the like that may issue from or which derive priority from any of the foregoing applications.

1. Johnson hereby assigns to Bear Archery the entire right, title, and interest of Johnson throughout the world in and to the Patent Rights, and acknowledges receipt of fair and adequate consideration for such assignment. Johnson represents that he has the full right to convey the interest assigned by this Assignment, and that he has not executed and will not execute any agreement in conflict with this Assignment. More specifically, the '709 Patent, '303 Patent, '108 Patent, '348 Patent, '600 Patent, '437 Application, '058 Application, and '150 Application have been owned by Johnson at all times as the sole inventor. The '252 Patent and '246 Patent were purported to be assigned by Johnson as the sole inventor to Rocket Aerohead Corporation. (a company solely owned by Johnson) in September 14, 1999, but because Rocket Aerohead Corporation ceased to be a validly existing corporation in 1998, having previously filed its final federal and state income tax returns resulting from the liquidation of this entity for federal and state income tax purposes, this prior assignment failed as a matter of law.
2. Johnson hereby assigns to Bear Archery the entire right, title, and interest in and to any claims (known or unknown, suspected or unsuspected) of any nature that Johnson has or may have against any party for infringement of the Patent Rights, and acknowledges receipt of fair and adequate consideration for such assignment.
3. Johnson agrees to execute all papers and documents and perform any act which may be necessary in connection with protecting the Patent Rights under any provision of United States law, the International Convention for Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other treaties of like purposes.
4. Johnson agrees to execute all papers necessary in conjunction with any interference which may be declared concerning any patent application within the Patent Rights, and to cooperate with Bear Archery in every reasonable way possible in obtaining evidence and going forward with such interference.
5. Johnson agrees to assist Bear Archery with respect to any infringement action, suit, or proceeding relating to the enforcement of any of the Patent Rights. In any such action, suit, or proceeding, Johnson shall be represented by the same legal counsel as Bear Archery at Bear Archery's expense.

6. Johnson will be entitled to receive reimbursement from Bear Archery for reasonable out-of-pocket expenses incurred by him in providing such assistance to Bear Archery pursuant to Sections 3, 4, and 5.
7. Johnson hereby authorizes and requests the patent office of any country issuing any and all Letters Patent resulting from any patent application within the Patent Rights to issue such Letters Patent to Bear Archery, as the assignee of the entire interest therein.
8. Johnson grants to Bear Archery the power to insert on the Assignment any further identification which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office for recordation of this document.
9. This Agreement is binding upon and injures to the benefit of the successors and assigns of the parties.
10. This Agreement confirms, not alters, the provisions of the Personal Goodwill Purchase Agreement entered on February 22, 2005 between Johnson and Trophy Ridge, L.C.C.

WITNESS Assignor's hands this 9 day of February, 2007.
